Day 1

Bible Story

Joseph Interprets Dreams (Genesis 40:1-45)

Today, we learned through the ups and downs of Joseph's story how we can share our gifts with others. Though Joseph experiences hardship at the hands of his own brothers including being sold into slavery and put in prison, Joseph finds a way to bravely share his gift of dream interpretation with Pharaoh. Joseph understood that the gift that he'd been given came from God. When asked for a dream interpretation, Joseph told Pharaoh, "It's not me. God will give Pharaoh a favorable response" (41:16).

Just like Joseph used God's strength to share his gifts, children can accept the invitation to rise to the challenge and share their gifts to help others at Snowball Mountain Challenge VBS and beyond!

"I can do all things
through him who
strengthens me"
Philippians 4:13

Lift Lesson

I can share my gifts!

VBS Mission

SOCKS for the Christian Service Center

Each year for VBS we include a mission project where we GIVE BACK to our community. This year we are contributing toward **SOCKS** for the Christian Service Center.

The kids learned today that the #1 most asked for item from people who are experiencing homelessness is for a pair of good, clean socks! We Can Help! Each day we will learn a new fact about socks, hear corny sock jokes, and are able to give toward socks for our neighbors at the Christian Service Center (christianservicecenter.org) Will You Help?

Bring your coins and dollars to share - and wear some crazy socks yourself!

VBS Update

Today we began our **Snowball Mountain Challenge: Find Your Strength in God.**

Hi, I'm Ollie the Seal and I help the **Challengers** on their adventure. Today we started the morning **Assembly** with music, singing, dance, and skits. We learned about Joseph and how God gave him the gift of being able to explain people's dreams. We talked about our abilities and how God helps us to share our talents. Our **Snack** was a bed with Joseph sleeping and dreaming under a fruit roll up blanket. In **Science**, we learned about air pressure and partially filled a glass with water, put an air filled balloon on top and then turned the glass and balloon over. Do you think the water and balloon stayed together? Ask your **Challenger**! In **Recreation**, we played fun games including Challenger hockey and bean bag toss. In **Crafts**, we decorated our art bags which we take home Friday full of our crafts and made mosaic snowflakes. In the **Prek class**, the Sledgers played a matching game to meet our new friends. Ms. Sandy shared her gift of telling Bible stories. We pretended that it was cold and snowing as we decorated mosaic snowflakes. See you tomorrow!
